

base\_local\_planner  
::TrajectorySampleGenerator

```
graph BT; A["base_local_planner::SimpleTrajectoryGenerator"] --> B["base_local_planner::TrajectorySampleGenerator"]
```

The diagram illustrates an inheritance relationship between two C++ classes. A blue arrow points from the bottom box to the top box, indicating that the bottom class inherits from the top class. The top box is shaded gray and represents the base class, while the bottom box is white and represents the derived class.
